STUDENT COUNCIL

Student Council is the communications link between the student body, the faculty, and the administration. The representatives from each homeroom of all four classes are chosen on a volunteer basis and must attend regularly the biweekly meetings. This body relays to the homerooms the decisions made at the meetings and informs the Council of the student body's ideas. Officers, of which only the President must be a senior, are elected in the spring. Throughout the year, the majority of the Council's work is done by four standing committees whose chairmen are juniors and seniors chosen by the President. Among the major activities, several of which were initiated this year, that the Council conducts annually are Student Council representatives selection, Booster Club Drive, Football Homecoming, pep rallies, Toys for Tots, pep buses, sock hops, Pep Weeks, Senior Sports Recognition Weeks, Basketball Ball, class officers elections, and Student Council officers elections. The Council and the Pep Club jointly organize the Senior Boys' Pep Club vs. Faculty Basketball Game. It's many other activities vary from year to year and include service projects, money-raising projects, spirit boosters, purchases such as plaques, banners, flags, and sometimes, in conjunction with other school organizations, expensive items such as a school organ. Many of the activities which Student Council initiates are based on ideas acquired by some of the incoming and outgoing officers who attend the annual Spring Conference and summer Student Council Workshops of the Ohio Association of Student Councils which are designed to suggest plans of action.

N.F.L.

National Forensic League members vie for trophies for both themselves and the school when the group participates in weekly speech competition. This organization is a means of improving speaking skills through debate tournaments and individual events contests, which include extemporaneous speaking, dramatic interpretation, humorous declamation, original oratory, and oratorical declamation. All work and contests are directed toward the climax of the year, which is the Little and Big District competition and a possible trip to the National Speech and Debate Tournament for the winners.

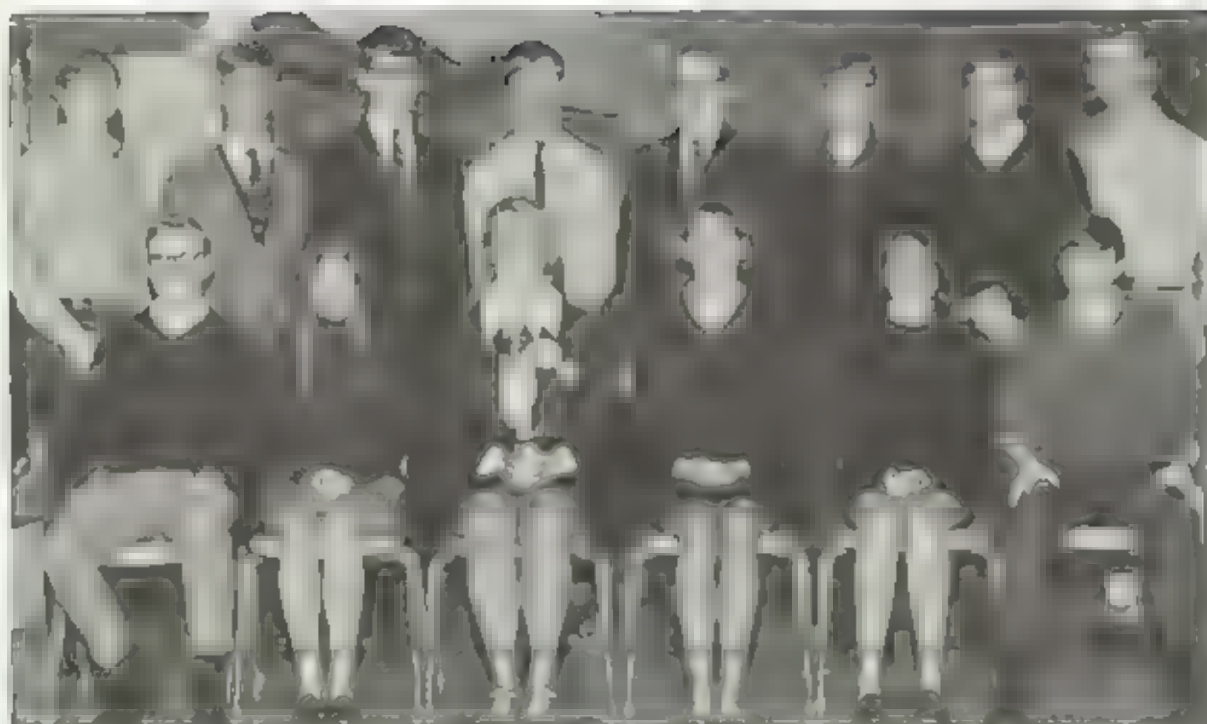

OFFICERS—FIRST ROW: Mrs. Whitticar, Advisor; Barb Wasson, Vice President. SECOND ROW: Bill Bunn, Treasurer; Scott Hawley, President; Stew Boli, Historian; Dan Kellogg, Secretary.

Whatever you want to do with your life, don't wait till tomorrow to do it. You might just wait around so long that tomorrow never comes.

Size up the opportunities now. If you're going on to college, visit your nearest Timken Company plant—in Canton, Columbus, Bucyrus, New Philadelphia, and Wooster, Ohio, or Colorado Springs, Colorado. Find out what it takes to fit into a job in finance, engineering, sales engineering, production, metallurgy or research.

If you have a brother, sister or friend graduating from college this June, have them write to our Manager of College Relations for a career application blank.

If you're interested in learning a skilled trade, write for our free booklet describing apprentice training programs. For ambitious high school graduates, few companies can equal the challenges we offer. Or the chances for success. Your future has to start sometime. And the sooner the better.
